MAIL BID LIST #7

CLOSING APR 9 1984

1. San Francisco CA, A California Street Cable Railroad Company Dividend Check issued to George E. Goodman on November 11, 1891. 8 3/4 x 3 1/2 in. Pink, printed by Schmidt Label & Litho S.F. Signed by the two Stetsons. Value about \$6-10.

2. Umnak Island AK, "Boxes marked for the Blair Fish Packing Company, Umnak, Alaska, sat on the Seattle dock in late 1941 and early 1942. They contained war materiel destined for a secret airbase under construction ... on Umnak Island in the eastern Aleutian chain. Civilian workers had also landed at Cold Bay on the Alaska Peninsula in August 1941 and unloaded boxes marked for Saxton and Company. This was supposed to be a fish cannery operation, but was in fact another secret airbase. These two bases, ready when the Japanese attacked Dutch Harbor on June 3-4, 1942, helped thwart a possible takeover of the naval station. The war in Alaska took a new turn after Dutch Harbor." (THE FORGOTTEN WAR, by Stan Cohen).

Umnak is an extremely mountainous island 70 miles long and 20 wide. One

Auction No. 7 features two more unlisted MILITARY tokens as well as some of the most scarce of the Illinois SALES TAX TOKENS series, the Astoria, including others of the provisional group. Several collections from Latin-American countries are listed here mainly from MEXICO, BOLIVIA and PERU. A substantial grouping from PUERTO RICO is offered including a number of previously unlisted pieces. Three unrecorded FRENCH emergency pieces can be found as well as a cross-section of British and German tokens. An excellent collection of U.S. ADVERTISING pieces is described near the back as well as love tokens, Masonic Pennies and Encased Cents.

Descriptions are of necessity brief and oriented to token collectors. Sizes are in millimeters and metal pieces are considered to be round unless otherwise described. Metals are shown as Al, Br, Cop, Nkl or Zn, or Pl(astic). Parentheses are used and mean that the information enclosed is not usually found on the token. Catalog numbers are also used e.g. (K#22) referring to the most standard work on the topic at hand. Listing each reference would be too awkward, so please write and ask which if you have any questions. Dollar values e.g. (\$25) in parentheses mean the estimated market value and/or most recent known auction sale price. "MB" included with the dollar value means a reserve or "minimum bid", e.g. (MB\$25). Comments on the listings are always welcome.

of the Fox Islands group, it is just west of Unalaska Island on which Dutch Harbor is located. In 1942 there were 50 inhabitants mostly native Aleut Indians and a large number of sheep and reindeer. Official approval for the construction of the two bases was not given until November, 1941, but both had been secretly in preparation since August, both under the aegis of the two "fish packing companies", which were funded by the United States Army.

The airfield site on Umnak Island was at Otter Point, little more than tundra and a sand spit, but the only flat space. Weather conditions in the area are described as only bad and worse. It fogs, rains or snows 200 days a year compounded by gale force winds. Construction working conditions must have been unimaginable. It was finished in March 1942. (Information courtesy of the Alaska Historical Library in Juneau).

The evidence is that the counter-stamped Silver Dollar shown on the address sheet was made up by one of the construction workers, or possibly military security personnel. It may commemorate his arrival or the beginning of the site's construction. The coin is a VG 1921 U.S. Dollar with a well worn hole, probably from a neck or key chain. Both sides are hand-punched reading: UMNAK . ISL . ALASKA/ 1942, and: JAN.27./ 1942. This is most likely the only piece ever "minted" in that area of the world. (\$40-60).

3. Alaska Lot of 11 diff. commemorative pieces, 1965-67 (one '74) Kiwanis, schools, coin clubs, Lions, etc. Almost all are Unc. (\$12-18).

# PUERTO RICO & THE CARIBBEAN

(References used: Gould & Higgle, Roehrs and Vaia)

292. Jacinto Reyes, Jayuya 1891, Hacienda De Cafe ½ (Almud), German silver 19.5mm Fine. I cannot find any reference to this piece. Vaia mentions a Baldomero Reyes for Hda. Puerto Plata in 1886 for Barrio Jayuya Abajo, but I do not know if the two are related. (\$150-200)

293. Eduardo Martinez, San Juan, Porto Rico, Good For 5¢ In Merchandise, darkened brass 21mm EF. A much later issue. Likewise I cannot find any reference. (\$50-75).  
 294. Cafetal Eladia, Martin Mas, Las Marias, 5, Br 19mm VF (unlisted but related listings are GH#237 and V#173). (\$50-75)  
 295. Hda. Filial Amor, 25, Zinc, 23mm VF. Another unlisted piece, but related ones are GH#250, R#106, and V#193-195. (\$50-75).  
 296. Bartolomei Molini, S, Indiera (a 5-point star), Br 21.5mm. Like GH#293a, R#75 and V#234, but an "S" is substituted for the "X" (\$50-75)  
 297. Saavedra & Co., Coloso, P.R., Good For (blank) In Merchandise. Br 20mm VF. Unlisted, but like GH#355, R#22 and V#130, except that the numeral of value has been left off the reverse. There seems to be no evidence of a removed device. (\$50-75).  
 298. La Guipuz c uan a, Carolina, P.R. 5, alum 19mm VF. Unlisted, but like R#24. The diesinker erred in putting spaces in the title as above. (\$50-75).

- 299 Hda. Felicidad, Jaime Vila, S. Lorenzo ½, cop 19mm crudely struck over another token or coin as parts of letters are visible but not identifiable. This was

submitted in the consignment as a Puerto Rican token. There is a large "PR" or "RP" monogram on the obverse lending credence to the idea that this may be from the island.

300. Aguirre, 2 Reales, bronze 26mm VF. Another presented as being from PR, but I do not know if it is related to those described by Roehrs and Vaia. Ek-lund included it in his list of PR pieces as #1938, but the final judgement will have to come from the experts. (see illustration p.8)
